J. L. HAGUE

GLADIOLUS GROWER

P. O. Box 427

Jonesboro, Ark.

WHOLESALE TRADE LIST—YEAR 1943

The bulbs offered in this wholesale list are clean, plump bulbs, ready to grow if planted now.

Growers in the Mid-South and the Southern states find our acclimated bulbs do much better in this territory than most Northern grown bulbs, and we have yet to find any section of the United States where they do not do well. If you are in the market for a large quantity of bulbs, we will be pleased to quote you a delivered price on your requirements.

All prices are F. O. B. Jonesboro, Ark., and offered subject to prior sale. All prices, except Gold Dust, are per 1000, with 250 bulbs at the thousand rate; cash with order, or 25% cash and balance C. O. D.

5% DISCOUNT ON ALL ORDERS RECEIVED WITH CASH IN FULL BEFORE FEBRUARY 15, 1943, BULBS TO BE SHIPPED WHEN WANTED

Better order now, as I expect to sell out early at these low prices.

We have tried over five hundred varieties of glads in the past few years and find this list, which gets shorter each season, to be the best of the lot as commercial cut flowers.

This new one of my own is not only the deepest in color of all yellow, but there are no throat marks. It is all one shade of rich yellow. It grows tall with five or six large perfectly placed florets open at once. I will grow no other yellow after this year.
